Subject: Diss Post Office closure

Dear Mr Bacon

I am emailing on behalf of the Communication Workers Union (CWU) following the announcement today that the Post Office is planning to close the Diss Crown post office in your constituency.

As you may be aware, the CWU has been campaigning against the Post Office's closure and franchise programme and I attach a briefing paper on the latest announcement for your information. In short, we do not believe the programme is in the interests of customers (both the public and small businesses alike), staff or the local community.

I would be happy to meet to discuss this with you in more detail or to arrange a meeting for you with members in your constituency who are affected by this. Please also do let me know if there is any further information we can provide on the issues.

Regards,

Andrew
